

simplifying your payments, data & user experience

A One-Stop Shop: Full-Service Payment Processing

Impexium + Anywhere Payments brings your association's payment data, reporting capabilities, analytics, and association management system (AMS) together for optimized, real-time visibility into the key payment metrics of your organization.

Impexium + Anywhere Payments allows associations to seamlessly accept and process payments for all of your association's transactions including:

- Membership applications & renewals
- Continuing education & learning opportunities
- Virtual and in-person event registrations
- Other products and services

Anywhere Payments Benefits

✓ Daily Credit Card Reconciliation

Anywhere Payments reconciles automated nightly settlement information with Impexium and enables the ability to easily reconcile bank deposits to transactions within Impexium.

✓ Recurring Payments

Multi-year tokenization allows for recurring charges for memberships, subscriptions, and additional recurring payment needs. Avoid missed payments and membership renewals due to expired tokens.

✓ Instant Reports

Stop worrying about outdated information. Anywhere Payments reporting delivers real-time data on-demand. Plus, Anywhere Payments data can easily be merged with historical, demographic, and engagement data within Impexium for a full 360-degree view of individual and organization activities.

✓ Account Updater

With account updater, you minimize the impact of expired or canceled cards. This allows your organization to retain revenue and mitigate unintentional lapsed subscriptions.

✓ Successful Implementation

Converting to Anywhere Payments is simple and painless. Impexium's professional services team leverages best practices gained from hundreds of conversions including mapping old and new tokens so recurring payments (with stored credit cards) are uninterrupted.

✓ Safe & Secure

Anywhere Payments is certified at the highest level for payment industry data security (PCI DSS Level 1 Compliant). We regularly pass internal and third-party audits at the highest level. Clients can rest assured that they (and their members) are safe with Anywhere Payments.

✓ Simplified Support

Eliminate the hassle of managing two separate solutions. Impexium and Anywhere Payments are supported by the same client team to expedite fast, accurate responses to questions and training requests.

✓ Competitive Pricing

Anywhere Payments "all-in-one" bundled pricing eliminates the variable monthly (hidden) fees charged by other payment solutions in the marketplace. Impexium will provide a line-by-line comparison to demonstrate how Anywhere Payments will save your organization money.
